Facilities planning, Environmental factors affecting manufacturing process.

Production planning and control - various planning processes. Resource planning - related planning systems like MRP, etc.

Shop floor planning, scheduling and relationship with various types of manufacturing systems like job manufacturing, batch manufacturing, etc. line of balance method – scheduling and controlling production delivery schedules

Job design and work measurement, employee productivity - measurement, methods of improving productivity, learning curves and incentives for improving productivity

Quality control and management of quality, tools and methods of quality management.

TQM tools for analysis and techniques for quality.

Lean manufacturing, TPM (total productive maintenance management), maintenance methods and techniques.

Automation in Operations Management.

ALUMNI SPEAK

"Amidst this pandemic situation and to keep my learnings abreast, I opted for the certificate course on Supply Chain Management conducted by IIMM, Bangalore. The curriculum is divided into six modules which provides a complete understanding of basic concepts, adaptation in the supply chain, the current developments and its usage to enhance the core competencies of a supply chain manager. The course methodology of continuous assignments, quizzes, viva voce and exams provided insightful knowledge on the modules.

The practical application of the concepts on Inventory and Operations had helped alienate the current practices and bring in a new vista at our workplace."

Name: N Balaji
Designation: Group Manager
Company: Titan Company Limited, Watch Division
Location: Hosur
Batch: CSCM 14

"IIMM helped me to build more curiosity towards supply chain concepts and improve my knowledge on various areas of Supply chain. Expertized Teaching staffs helped me to visualize various practical challenges along with technical knowledge in supply chain.

I am able to utilize all the key learnings in my day-to-day activities in work life, and am able to distinguish myself with the peers. Thanks, IIMM Bangalore"

Name: Shreesha KV
Designation: Material Availability Analyst 1
Company: Caterpillar India Private Limited
Location: Bangalore.
Batch: CSCM 13

"The Course helped me to upskill my knowledge and understanding of end-to-end SCM in depth.

I am a Procure-to-Pay Professional and I apply the knowledge gained from the course in my daily activities and decision making process"

Name: Anandi Krishnan
Designation: Accounts Payable Delivery Manager
Company: ABB Global Service and Service Private Limited
Location: Bangalore.
Batch: CSCM 13

"Over a six month duration of the course I gained a lot of knowledge and practical strategies. The course exceeded my expectations.

I am now in a better position to handle my day-to-day supply chain activities and situations much more easily"

Name: V G Srinivasan
Designation: Supplier Performance Manager
Company: Safran
Location: Bangalore.
Batch: CSCM 14

"Being a part of the CSCM#14 batch was an amazing experience in many ways. I met incredible teaching faculties who are all the subject matter experts in the field they teach and that elevates the level of the classes and interactions. A great methodology, which perfectly balances theoretical and practical exercises, allows the students to discuss the topics and to really understand them.

I must say that the whole experience enriched not only my professional career, but also my personal life"

Name: Anil Patil
Designation: Head - Procurement & Contracts
Company: Bangalore International Airport Limited
Location: Bengaluru
Batch: CSCM 14

ALUMNI SPEAK

"Personally, I feel that this course is an amalgamation of industrial experience and the theoretical concepts supporting it. Coming from a supply chain educational background and working as a supply chain IT professional, I have always felt wanting of the actual business flows/processes. This course provided me with the professors who are industry experts in various sectors who helped me understand the different perspectives on how to look at a supply chain and analyze it better to improve it.

As an IT professional in supply chain, you often get lost in the technical/system aspect of providing a solution. This course has helped me understand my customer's requirements from a 360 deg. view and provide a more user friendly solution."

Name: Ravi Narayanan
Designation: Oracle Senior Supply Chain Consultant
Company: Schneider Electric Private Limited
Location: Bangalore
Batch: CSCM 14

"Program provides a in-depth introduction to Supply chain management , most importantly the learning is guided with experts who have handled multiple challenges also in their career.
This certification surely helped me in my new assignment and work area to steer me in the right direction and take on improvement projects."

Name: Vishal Sawalwade C
Designation: General Manger
Company: Bosch Limited
Location: Bangalore.
Batch: CSCM 14

"Course helped me in seeing the bigger picture better than before. Now i am more integrated and more aligned with other teams in supply chain management.

The learnings are useful to increase higher efficiency rate by adjusting to dynamically fluctuating economies, emergency market and shorter product life cycle. We hope to decrease our cost effects; most importantly in improving our inventory system and relationship with customers."

Name: Dattatraya Kulkarni
Designation: Manager Services
Company: Tata Steel
Location: Kalinganagar.
Batch: CSCM 14

" I learnt so many new concept & have been appreciated by my Senior Management..
Due to this course I can change my job role".

Name: Nagaraja S.K
Designation: Assistant Manager
Company: Biocon Limited
Location: Bangalore.
Batch: CSCM 14

"Course team is professional, dedicated, all classes (online) were done on time, which as a working executive helped me to better plan my day. I have implemented learnings from Purchase Management course; like concepts of commercial terms, total cost of ownership in awarding new contracts for my Residents Welfare Association, which will bring cost saving in years to come."

Name: Akash Singh
Location: Gurgaon, Haryana
Batch: CSCM 14

"Being new to supply chain management this course helped me in learning every aspects in supply chain from highly trained professional who has vast experience related to their field.

Helped in better utilization of inventory along with cost optimization as well as helped in maintaining a proper material flow which helps in reduction of production time."

Name: R.. Jagadeesh
Designation: Assistant Manager
Company: BPL Medical Technologies Private Limited
Location: Pallakkad, Kerala.
Batch: CSCM 14

"Experienced tutors deliver the subjects, Provide enriched knowledge with current (Live) scenario, with suitable assignments/workouts.

In my profession implemented cost-reduction activities, Time –saving, Automation initiation, optimising inventory, make Win-Win situations"

Name: T. Saravanan,
Designation: Assistant Manager
Company: Dalmia Cement Bharath Limited
Location: Trichy
Batch: CSCM 14
