ABOUT IIMM

Indian Institute of Materials Management is the premier professional Institute of Materials Management in India. Our mission is to “promote professional excellence in materials management towards national prosperity through sustainable development” through its national network of 52 branches and 19 chapters spread over the length and breadth of the country. IIMM is dedicated to the professional activities including Educational Courses, Executive Development Programs, Seminars, Workshops, In-house Training Programs and consultancy.

INTERNATIONAL AFFILIATION

To have an effective global interaction on the subject, IIMM is a charter member of International Federation of Purchasing and Supply Management (IFPSM), USA which has its roots in 33 countries from all the six continents, representing views of Purchasing and Materials Management professionals world-wide. Its major aim is to encourage professional development, education and cross-cultural exchange and cooperation in Purchase, Materials Management, Logistics, International Trade and other related disciplines

IIMM ASSOCIATION WITH ITC UNCTAD

The International Trade Centre (ITC) serves as the focal point within the United Nations for technical cooperation with developing countries in trade promotion. Functioning as an executing agency of the United Nations Development Programme (UNDP), the ITC plays a direct role in the implementation of UNDP-funded projects in developing nations and economies in transition that are focused on trade promotion.

OBJECTIVE OF THE COURSE

The primary objective of this course is to impart the relevant, necessary knowledge and skills on some of the important areas in Procurement. The course will cover some of the basic theories, and help build on the improvements and latest technology in the relevant field. It is designed to benefit both freshers and working professionals. The latest knowledge and skillsets will enable the individuals to excel in their functional areas and enable them in their carrier progression and holistic development.

FACULTY

The sessions will be handled by Senior faculty from IIMM, who are specialists in Supply Chain Management domain, and have rich Professional and Industry experience.
